Not all these covers may apply to your particular circumstances. However, as a business is continually changing, we suggest that this list be reviewed regularly to ensure that your current insurance program is still satisfactory in meeting your needs.

Additionally, should a particular exposure exist which is neither included in your current insurance program, nor listed above, we would be pleased to investigate that availability of protection against such exposure.

To Professionally Support our clients when setting up their cover and also in their time of need, we have a wide range of services available to you. Many of these are at no additional cost. The benefits of using them will be worth the call to us.

As a client you have access to the following services through us:

Policy Comparison:

We want you to make an informed choice between insurance company products.

Document Templates:

Templates you can use when communicating to other parties – ie. Letter of Demand.

Building Sum Insured Calculator:
